

Paramount Student COVID Policy

All students presenting symptoms or who have been exposed to COVID-19 should:

- Be administered a COVID test.
 - o If positive, the students should follow the 5-day isolation protocols.
 - o If negative, return only when symptoms have improved, and the student is fever-free for 24 hours.
 - o Students are encouraged to get tested and wear a mask for 5 days after exposure if a sibling or other member of the household has tested positive.

Testing when showing any symptoms is recommended to ensure that students are not spreading COVID-19 within Paramount. If you need assistance with accessing testing, please contact the school for additional information.
